

Celebration!

We will be sponsoring a community wide event on **Friday, April 27**. We are planning a speaker as well as a slide show/video of the students at DAS and their work during STEM Week. Military Command and Community have been invited to participate in our celebration!

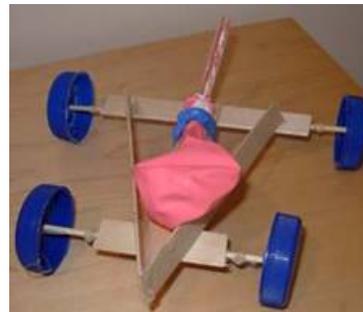

Thank-you's and Shout-outs!

First, we'd like to thank the Garrison and the MWR for their support during STEM Week!

We'd also like to thank all the teachers and staff for their hard work, dedication to our students and to the STEM Week projects that were completed.

A BIG Shout-out to all the students at DAS for their participation in the STEM Week Projects!

Finally, we'd like to thank our administrators, Ms. Laurel Eisinger and Ms. Nedra Jones for their support of the school, staff, community and STEM Week!

Daegu American School

Science: *Observing the world around you*

Technology: *Changing the world around you to meet human needs*

Engineering: *Studying the world around you and making changes to it*

Mathematics: *Systematic treatments of relationships between figures and forms, and relations between quantities*

DODEA/Schools Mission:

Providing an exemplary education that inspires and prepares all students for success in a dynamic global environment.

**STEM Week
April 23-27, 2012**

DAS Happenings

Our students from Sure Start to 8th grade will be participating in STEM Week!

Each level will be using grade appropriate math and science to construct vehicles that can sink/float and move by magnets. They will be conducting tests and calculating data using skills learned in math!

Sure Start will be working with things that sink and float.

Kindergarten-3rd grade will be making cars and boats using different materials and trying to make them move!

4th-8th grade will be making boats from corrugated cardboard and testing their durability and how well they can move on the water!
